Components	V,S,M	Duration	1 hour	

Material: a cup of water

A protective magical force surrounds you, manifesting as a spectral frost that covers you and your gear. You gain 5 temporary hit points for the duration. If a creature hits you with a melee attack while you have these hit points, the creature takes 5 COLD damage.

At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, both the temporary hit points and the cold damage increase by 5 for each slot level above 1st.

Spell name	Witch Bolt		pg.	PHB 289
Casting time	1 action	Range	30 feet	
Components	V,S,M	Duration	Concentration Up to 1 minute	

Material: tree twig that has been struck by lightning

Ranged spell attack against the creature. On a hit, target takes 1d12 LIGHTNING damage, and on each of your turns for the duration, you can use your action to deal 1d12 lightning damage to the target automatically. Spell ends if you use your action to do anything else. The spell also ends if the target is ever outside the spell's range or if it has total cover from you. When you cast this spell using a spell slot of 2nd level or higher, the initial damage increases by 1d12 for each slot level above 1st.

Spell name	Invisibility		pg.	PHB 254
Casting time	1 action	Range	Touch	
Components	V,S,M	Duration	Concentration Up to 1 hour	

Material: an eyelash encased in gum arabic

A creature you touch becomes invisible until the spell ends. Anything the target is wearing or carrying is invisible as long as it is on the target's person. The spell ends for a target that attacks or casts a spell.

At Higher Levels. When you cast this spell using a spell slot of 3rd level or higher, you can target one additional creature for each slot level above 2nd.

Spell name	Spider Climb		pg.	PHB 277
Casting time	1 action	Range	Touch	
Components	V,S,M	Duration	Concentration Up to 1 hour	

Material: a drop of bitumen and a spider

Until the spell ends, one willing creature you touch gains the ability to move up, down, and across vertical surfaces and upside down along ceilings, while leaving its hands free. The target also gains a climbing speed equal to its walking speed.

Spell name	Disguise Self		pg.	PHB 233
Casting time	1 action	Range	Self	
Components	V,S	Duration	1 hour	

You make yourself—including your clothing, armor, weapons, and other belongings on your person—look different until the spell ends or until you use your action to dismiss it. You can seem 1 foot shorter or taller and can appear thin, fat, or in between. You can't change your body type, so you must adopt a form that has the same basic arrangement of limbs. Otherwise, the extent of the illusion is up to you.

The changes wrought by this spell fail to hold up to physical inspection. For example, if you use this spell to add a hat to your outfit, objects pass through the hat, and anyone who touches it would feel nothing or would feel your head and hair. If you use this spell to appear thinner than you are, the hand of someone who reaches out to touch you would bump into you while it was seemingly still in midair.

To discern that you are disguised, a creature can use its action to inspect your appearance and must succeed on an Intelligence (Investigation) check against your spell save DC.

Spell name	Silent Image		pg.	PHB 276
Casting time	1 action	Range	60 feet	
Components	V,S,M	Duration	Concentration Up to 1 hour	

Material: a bit of fleece

You create the image of an object, a creature, or some other visible phenomenon that is no larger than a 15-foot cube. The image appears at a spot within range and lasts for the duration. The image is purely visual; it isn't accompanied by sound, smell, or other sensory effects.

You can use your action to cause the image to move to any spot within range. As the image changes location, you can alter its appearance so that its movements appear natural for the image. For example, if you create an image of a creature and move it, you can alter the image so that it appears to be walking.

Physical interaction with the image reveals it to be an illusion, because things can pass through it. A creature that uses its action to examine the image can determine that it is an illusion with a successful Intelligence (Investigation) check against your spell save DC. If a creature discerns the illusion for what it is, the creature can see through the image.

Spell name	Hellish Rebuke		pg.	PHB 250
Casting time	1 reaction	Range	60 feet	
Components	V,S	Duration	Instantaneous	

As a Tiefling, can cast it once as a second level spell (without using spell slots), regaining the ability to do so after finish long rest.

This is currently not a "Known Spell." Therefore, it can not be cast with a spell slot and thus doesn't do more damage from higher slots.

You point your finger, and the creature that damaged you is momentarily surrounded by hellish flames. The creature must make a Dexterity saving throw. It takes 2d10 FIRE damage on a failed save, or half as much damage on a successful one.
