Mask of Many Faces (PHB111)

You make yourself—including your clothing, armor, weapons, and other belongings on your person—look different until the spell ends or until you use your action to dismiss it. You can seem 1 foot shorter or taller and can appear thin, fat, or in between. You can't change your body type, so you must adopt a form that has the same basic arrangement of limbs. Otherwise, the extent of the illusion is up to you.

The changes wrought by this spell fail to hold up to physical inspection. For example, if you use this spell to add a hat to your outfit, objects pass through the hat, and anyone who touches it would feel nothing or would feel your head and hair. If you use this spell to appear thinner than you are, the hand of someone who reaches out to touch you would bump into you while it was seemingly still in midair.

To discern that you are disguised, a creature can use its action to inspect your appearance and must succeed on an Intelligence (Investigation) check against your spell save DC.

Misty Visions (PHB111)

Material: a bit of fleece

You create the image of an object, a creature, or some other visible phenomenon that is no larger than a 15-foot cube. The image appears at a spot within range and lasts for the duration. The image is purely visual; it isn't accompanied by sound, smell, or other sensory effects.

You can use your action to cause the image to move to any spot within range. As the image changes location, you can alter its appearance so that its movements appear natural for the image. For example, if you create an image of a creature and move it, you can alter the image so that it appears to be walking.

Physical interaction with the image reveals it to be an illusion, because things can pass through it. A creature that uses its action to examine the image can determine that it is an illusion with a successful Intelligence (Investigation) check against your spell save DC. If a creature discerns the illusion for what it is, the creature can see through the image.

Tiefling Internal Legacy Trait

Spell name	Darkness	pg.	PHB 230
Casting time	1 action	Range	60 feet
Components	V,M	Duration	Concentration Up to 10 minutes

Material: bat fur and a drop of pitch or piece of coal

As a Tiefling, can cast this spell once with this trait (without using spell slots) and regain the ability to do so when you finish a long rest.

Magical darkness spreads from a point you choose within range to fill a 15-foot-radius sphere for the duration. The darkness spreads around corners. A creature with darkvision can't see through this darkness, and nonmagical light can't illuminate it.

If the point you choose is on an object you are holding or one that isn't being worn or carried, the darkness emanates from the object and moves with it. Completely covering the source of the darkness with an opaque object, such as a bowl or a helm, blocks the darkness.

*This is currently not a "Known Spell." Therefore, it can not be cast with a spell slot and thus doesn't dispel area of light spells.*

Known from Fey Touched

Spell name	Sleep	pg.	PHB 276
Casting time	1 action	Range	90 feet
Components	V,S,M	Duration	1 minute

This spell sends creatures into a magical slumber. Roll 5d8; the total is how many hit points of creatures this spell can affect. Creatures within 20 feet of a point you choose within range are affected in ascending order of their current hit points (ignoring unconscious creatures).

Starting with the creature that has the lowest current hit points, each creature affected by this spell falls unconscious until the spell ends, the sleeper takes damage, or someone uses an action to shake or slap the sleeper awake. Subtract each creature's hit points from the total before moving on to the creature with the next lowest hit points. A creature's hit points must be equal or less than the remaining total for that creature to be affected.

Undead and creatures immune to being charmed aren't affected by this spell.

At higher levels. When you cast this spell using a spell slot of 2<sup>nd</sup> level or higher, roll an additional 2d8 for each slot level above 1<sup>st</sup>.

*You can cast this spell without expending a spell slot. Once cast in this way you can't cast this spell again in that way until you finish a long rest.*

*This is considered a "Known Spell." learned via Fey Touched. Therefore, it can be cast with a spell slot in addition to once per long rest casting without spell slot usage.*

## Spells Known

## More Spells Known

Spell name	Armor of Agathys	pg.	PHB 215
Casting time	1 action	Range	Self
Components	V,S,M	Duration	1 hour

Material: a cup of water

A protective magical force surrounds you, manifesting as a spectral frost that covers you and your gear. You gain 5 temporary hit points for the duration. If a creature hits you with a melee attack while you have these hit points, the creature takes 5 COLD damage.

At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, both the temporary hit points and the cold damage increase by 5 for each slot level above 1st.

Spell name	Witch Bolt	pg.	PHB 289
Casting time	1 action	Range	30 feet
Components	V,S,M	Duration	Concentration Up to 1 minute

Material: tree twig that has been struck by lightning

Ranged spell attack against the creature. On a hit, target takes 1d12 LIGHTNING damage, and on each of your turns for the duration, you can use your action to deal 1d12 lightning damage to the target automatically. Spell ends if you use your action to do anything else. The spell also ends if the target is ever outside the spell's range or if it has total cover from you. When you cast this spell using a spell slot of 2nd level or higher, the initial damage increases by 1d12 for each slot level above 1st.

Spell name	Invisibility	pg.	PHB 254
Casting time	1 action	Range	Touch
Components	V,S,M	Duration	Concentration Up to 1 hour

Material: an eyelash encased in gum arabic

A creature you touch becomes invisible until the spell ends. Anything the target is wearing or carrying is invisible as long as it is on the target's person. The spell ends for a target that attacks or casts a spell.

At Higher Levels. When you cast this spell using a spell slot of 3rd level or higher, you can target one additional creature for each slot level above 2nd.

Spell name	Shatter	pg.	PHB 275
Casting time	1 action	Range	60 feet
Components	V,S,M	Duration	Instantaneous

Material: a chip of mica

A sudden loud ringing noise, painfully intense, erupts from a point of your choice within range. Each creature in a 10-foot-radius sphere centered on that point must make a Constitution saving throw. A creature takes 3d8 THUNDER damage on a failed save, or half as much damage on a successful one. A creature made of inorganic material such as stone, crystal, or metal has disadvantage on this saving throw.

A nonmagical object that isn't being worn or carried also takes the damage if it's in the spell's area.

At higher levels. When you cast this spell using a spell slot of 3rd level or higher, the damage increases by 1d8 for each slot above 2nd.

Spell name	Mirror Image	pg.	PHB 260
Casting time	1 action	Range	Self
Components	V,S	Duration	1 minute

Three illusory duplicates of yourself appear in your space. Until the spell ends, the duplicates move with you and mimic your actions, shifting position so it's impossible to track which image is real. You can use your action to dismiss the illusory duplicates.

Each time a creature targets you with an attack during the spell's duration, roll a d20 to determine whether the attack instead targets one of your duplicates.

If you have three duplicates, you must roll a 6 or higher to change the attack's target to a duplicate. With two duplicates, you must roll an 8 or higher. With one duplicate, you must roll an 11 or higher.

A duplicate's AC equals 10 + your Dexterity modifier. If an attack hits a duplicate, the duplicate is destroyed. A duplicate can be destroyed only by an attack that hits it. It ignores all other damage and effects. The spell ends when all three duplicates are destroyed.

A creature is unaffected by this spell if it can't see, if it relies on senses other than sight (such as blindsight), or if it can perceive illusions as false, as with truesight.

Spell name	Hunger of Hadar	pg.	PHB 251
Casting time	1 action	Range	150 feet
Components	V,S,M	Duration	Concentration Up to 1 minute

Material: a pickled octopus tentacle

You open a gateway to the dark between the stars, a region infested with unknown horrors. A 20-foot-radius sphere of blackness and bitter cold appears, centered on a point with range and lasting for the duration. This void is filled with a cacophony of soft whispers and slurping noises that can be heard up to 30 feet away. No light, magical or otherwise, can illuminate the area, and creatures fully within the area are blinded.

The void creates a warp in the fabric of space, and the area is difficult terrain. Any creature that starts its turn in the area takes 2d6 cold damage. Any creature that ends its turn in the area must succeed on a Dexterity saving throw or take 2d6 acid damage as milky, otherworldly tentacles rub against it.
